

Jan Lehman Bio

Jan Lehman Bio

Jan Lehman is an accomplished technology executive who created and led highly effective teams with Fortune 500 companies. Globally recognized as a productivity expert and international time management speaker, she has been featured in *Forbes*, *Business Journal*, and *Entrepreneur*. Her bestselling book *Work Smart Do More* was an Amazon #1 new release in Workplace Culture and Leadership and a top seller in Time Management. Jan is passionate about integrating the tools she has developed into the fabric of your company's culture to create positive, lasting change—whether you're a small business or a Fortune 10 company.

Jan's proprietary approach blends behavioral strategy with technology solutions to help leaders improve their work culture by maximizing their time, talent, and technology.
